Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

I am	I'm trying to	But	Because	Which makes me feel
Applicant seeking a loan	Secure a loan for property	Married with no co-applicant income	Self-employed with a good credit history	Optimistic about loan approval

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A male applicant seeking a loan.	Secure a loan for the property	Married with no co-applicant income.	Self-employed with a good credit history.	Optimistic about loan approval.

Problem Statements for ComicCraft:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student who loves telling stories.	Turn my story idea into a comic	I cannot draw the panels myself	Illustrating every panel by hand needs a lot of time and artistic skill.	Frustrated and discouraged.
PS-2	A teacher preparing lessons for my class.	Create engaging comic-style stories for students	Writing the story and designing artwork separately takes too long	I do not have the design tools or free time to do both.	Overwhelmed but hopeful about a faster way.
PS-3	A content creator sharing ideas online.	Make a ready-to-share comic from a quick idea	Arranging panels and captions manually is slow	Page layout and PDF export need extra software and effort.	Excited about getting a finished comic in minutes.
