

Empathy Map

Date	1 October 2026
Team ID	6ab501466f290be8a6b4f5d3
Project Name	ComicCraft – AI Comic Story Creator
Maximum Marks	4 Marks

Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • “I have great story ideas, but I can’t draw them.” • “Making a comic by hand takes too long.” • “I wish there was an easy tool to create comics.”	THINKS • Good comic artwork needs a lot of skill and practice. • Will my story still look good as a comic? • A tool that draws the panels would save me hours.
DOES • Writes story ideas in notebooks or notes apps. • Searches online for comic makers and drawing tools. • Leaves comics unfinished when the drawing gets hard.	FEELS • Frustrated when ideas stay stuck on paper. • Discouraged by a lack of drawing skills. • Excited at the thought of seeing the story come to life.
